

SPREADING JOY

Light Up
CHRISTMAS

SINCE 2014

Commercial services

We bring the magical atmosphere of Christmas to your business by designing, creating and installing bespoke external and interior Christmas decorations.

Working closely with our clients to create stunning festive displays, from concept to installation, we will ensure we bring your vision to life so that all you have to do is welcome your guests, customers and clients and enjoy it!

WHO WE ARE

We are Louise and Matt, directors of Light Up Christmas. Between us, we have over 40 years of experience in events, project management and commercial operations.

Our business is solely focused on Christmas, and we are in our 10th season designing and installing Christmas displays. We employ a fantastic team of creatives, designers, fabricators and installers working from our Birmingham base in Aston. We work mainly in the Midlands and London.

We would love to work together this season to create a truly magical Christmas atmosphere in your family home.

TREE WRAPS

Tree wraps are an elegant way to make your grounds or walkways stand out. Welcoming visitors and attracting customers with twinkling tree lights every day would be sure to fill them with festive cheer!

BUILDING BOWS

We can have your Christmas “all wrapped up” with our famous building bows. Our bows can be lit or unlit and in any colour to suit your building or colour theme.

EXTERIOR LIGHTING

Working in harmony with a property's architecture allows us to create stunning festive displays using roofline lights, garlands and wreaths. Trees and shrubs can be smothered in sparkling lights, and a wide range of lamp post motifs and lit props will certainly get you noticed.

DOORWAYS & ENTRANCES

Doorways can be highlighted with garlands, wreaths and potted trees to create a wonderful first impression. Our bespoke designs will set you apart on the High Street.

We can create light and garland canopies across walkways to make a spectacular festive entrance to your business.

CHRISTMAS & SEASONAL PROPS

We have a range of freestanding Christmas props available, such as two- and three-metre-tall Nutcrackers, Santa sleighs and giant candy canes. We can provide grottos and animatronic scenes and can also provide bespoke props designed, built and fully installed.

LIGHTING TRAILS

Making use of outside spaces has become an increasingly popular trend, illuminating pathways and creating magical lighting effects. Lighting Trails can be an addition to your Christmas offering or become the main attraction.

BEAUTIFUL INTERIORS

Our professional interior stylists can create and install the most stunning Christmas trees and garlands for display cabinets, doorways and bannisters, to bring the magic of Christmas to your shop or venue.

With one of the UK's largest choice of Christmas trees, from 6ft to 50ft, pre-lit with LED lights, they come in a range of styles. Our luxury tree and garland decorations are chosen specifically for your venue with every colour combination you can imagine, we can even match your brand colours.

Lit and decorated garlands can be attached to staircases, doorways and above display cabinets and we can compliment these with table top displays and floral arrangements.

WHY CHOOSE US

Put simply - we do it so that you don't have to! We want you to enjoy the build-up to Christmas without having to worry about sourcing, purchasing and installing your Christmas decorations.

We are with you every step of the way; we exceed expectations. We offer a complete service with exceptional communication, which gives our clients confidence in our ability to help them succeed.

Our extensive product knowledge and installation expertise are second to none, and we are constantly updating our product range and installation skills. Christmas installations are more than just stunning wreaths and beautifully decorated trees.

Our ability to understand logistics, health and safety and plan for all contingencies is what makes us not just good, but great. It is our attention to detail that ensures your Christmas installation will be a success.

We work closely with you to ensure that your brand and company ethos is adhered to at all times. We personalise a build and installation program that works in harmony with your business activities, and we are proud to have cultivated an impressive list of clients who consistently turn to us as their specialist Christmas partner.

How it works

STEP 1 GET IN TOUCH

Give us a call or drop us an email with your requirements or any questions you have. We would be happy to be part of any tender process that you have and to provide detailed information of our qualifications and experience to carry out large projects.

STEP 2 CONSULTATION

We will contact you to discuss your requirements and/or to arrange a no-obligation visit to the premises to be decorated. We take a collaborative approach and will work with you listening to your ideas and preferences and putting forward our suggestions and ideas. We have a vast portfolio of pictures and inspiration and will design computer assisted drawings of the areas to be decorated, and will provide a bespoke quote based on your requirements.

STEP 3 AGREEING THE SCHEME AND NEXT STEPS

Our initial proposal is not set in stone, this is a document that we can work together on to ensure that you are completely happy with the scheme and have input throughout. Once the quote and scope of works are agreed we will set an installation date. We aim to be as flexible as possible in terms of dates and meeting your requirements, but this is subject to bookings and schedule availability. At this stage, we ask for a deposit and will complete all insurance documentation and risk assessments. We then begin creating and preparing your decorations in our Birmingham studio.

STEP 4 INSTALLATION

We will keep in contact with you from when the scheme is agreed right up to the installation date, and will schedule in any preinstallation works. On the agreed day of installation, our team will arrive and complete all Health and Safety documentation and security checks. Your designated project manager will be onsite for the duration of the installation and will complete the works following the agreed method statement and risk assessments. You do not have to be present for the installation but we will require someone there to allow access and to sign off the job on completion.

STEP 5 TAKE DOWN

We will agree a date for takedown of your decorations after Christmas. Our team will remove, safely package and take away all of your lighting and decorations to be stored securely at our Birmingham warehouse, leaving your premises just as we found it before installation!

What our clients say

“Light Up Christmas are one of the easiest suppliers I deal with. Clear communication, a faultless approach to health and safety and always deliver on time with a great product.”

NEIL COLLETT, BUILDING AND TECHNICAL SERVICES MANAGER AT CBRE

“Louise and Matt make us feel valued as customers, and we consider them an essential extension to our team.”

LINDA DEGG, FACILITIES DIRECTOR AT MIWFM

“Light Up Christmas are extremely creative and cost-effective; the installation is always completed in a tidy and very safe manner and the quality of the finished installation is excellent. We receive numerous positive comments from our guests on our Christmas looks over the years.”

DAVID PARDOE, HEAD OF MARKETING, RETAIL AND OCCUPIER ENGAGEMENT AT MAILBOX
